

variant_id=0 target_box=1 answer='the wheel' - token view (full prompt)

Slots (colored bg): s0 = letter s1 = bill s2 = dress s3 = bowl s4 = cream s5 = picture s6 =

magazine s7 = wheel Region (border): instruction scenario query

<|im_start|> user [Box [0] contains the letter, [Box [1] contains the bill, [Box [2] contains the dress, [Box [3] contains the bowl, [Box [4] contains the cream, [Box [5] contains the picture. Remove the letter from [Box [0]. Move the dress from [Box [2] to [Box [0]. Move the picture from [Box [5] to [Box [2]. Move the bill from [Box [1] to [Box [5]. Move the bowl from [Box [3] to [Box [1]. Move the dress from [Box [0] to [Box [3]. Put the magazine into [Box [0]. Remove the bill from [Box [5]. Move the bowl from [Box [1] to [Box [5]. Put the wheel into [Box [1]. Remove the cream from [Box [4]. Move the magazine from [Box [0] to [Box [4]. What does [Box [1] contain? Answer with only the phrase that correctly completes "[Box [1] contains â€¦" in this scenario (same style as elsewhere in the trace, e.g. "the apple and the key " or " nothing "). One short phrase only: no other boxes, no steps, no explanation. <|im_end|> <|im_start|> assistant <think> </think> [Box [1] contains the

variant_id=1 target_box=1 answer='the ticket' - token view (full prompt)
